MEMORANDUM FOR: Director of Central Intelligence

VIA : Deputy Director of Central Intelligence

**SUBJECT : Preliminary Damage Assessment in the
Case of Sergeant Robert L. Johnson**

Herewith is the preliminary assessment of damage to national security resulting from espionage activities of Sergeant Robert L. Johnson. This report was requested by Mr. Russell Ash (Pat Coyne's assistant).

The report is not at all helpful insofar as an assessment of the damage to national security attributable to this case is concerned.

Presumably this will all be forthcoming in connection with the final report from the Security Committee on this case. In the meantime I recommend that the interim report go forward. If it is to be sent, I suggest that it go forward with a covering letter over my signature in view of the origin of the request for the report.

/s/ John A. Bross
